PEO Defender Announces Strategic Alliance with Managed Security Services Provider SolCyber

EDMOND, OK - PEO Defender is aligning with a market-leading managed security services provider (MSSP) to offer its members affordable and comprehensive managed security services.

SolCyber helps small to mid-sized organizations gain cyber resilience through their modern managed security services offerings. The company provides an integrated solution using world-class products and services packaged in a financially easy-to-manage model. This allows customer to have nation-state level security for a fraction of the costs and time.

"SolCyber brings another robust solution provider to the PEO Defender partner program," says PEO Defender COO Tim Danks. "Its distinctive all-in solution and services package can help small businesses build the foundational cybersecurity protections they need at a price/value that any PEO can afford. We're thrilled to have SolCyber onboard!"

SolCyber delivers Foundational Coverage consisting of a leading stack of technologies that provide protection across the entire kill chain, 24/7 SOC support, and dedicated customer account management, all in a service that can be implemented in less than 30 days.

SolCyber Foundational Coverage is so comprehensive that the insurance industry recognizes it as best in class and rewards customers with the benefit of access to pre-approved cyber insurance at significantly discounted rates to help further reduce the level of risk to their business.

"We're really excited to be partnering with PEO Defender and helping their members better understand how to reduce cyber risk, cut through a lot of market noise, and take practical steps towards building a stronger security posture," says SolCyber CEO Scott McCrady. "PEOs handle sensitive information and the trust of their customers is critical. We want to make the job of having a secure organization easier and more cost-effective."

If you are interested in scheduling a meeting with SolCyber, please reach out to PEO Defender at memberservices@peodefender.com.

PEO Defender is an industry utility in the PEO industry. It is tasked with helping all members and the industry overall stay safer in the digital realm. PEO Defender offers tools, resources, information, and access to vendor partners to help members lower security risks. The alliance is overseen by volunteer leaders in the industry and is designed much like NATO (an attack against one is an attack against all). For more information or to join go to PEODefender.com
